

## UX Design Storyboard

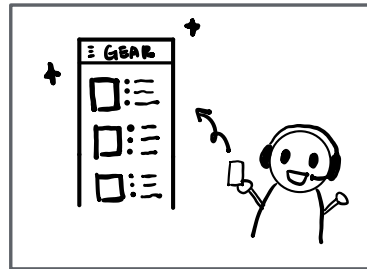

Scenario: Use the "Gear" to quickly and safely buy the game equipment - big pic

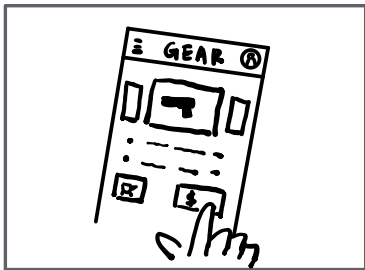

Ben wants to buy a new game weapon, but he finds the game items trade website confusing

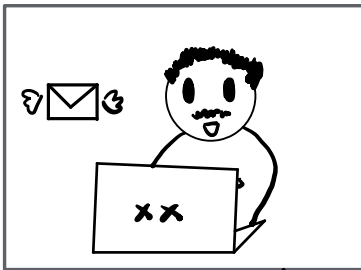

Ben downloads the "Gear" app and open it

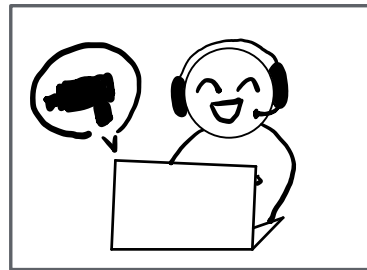

Ben happily finds that the game items on the app are well categorized

Ben quickly picks out the best priced game weapon and paid for it.

The seller receives Ben's order and sends it through the gaming platform

Ben is happily enjoying his newly acquired weapon in the game.
